Further strengthens company's market leadership position in providing world-class security services

MEEZA awarded additional ISO 9001:2008 & ISO 27001:2005 certifications for its Security Operations Center

Doha, Qatar – 30 September 2013 – MEEZA, the leading IT services and solutions provider in Qatar, today announced that its Security Operations Center (SOC) has been certified for Quality Management System and Information Security Management System in compliance with the ISO 9001:2008 and the ISO/IEC 27001:2005 requirements.

These ISO certifications solidify MEEZA's reputation in the IT industry for delivering quality services out of its Security Operations Centre, the first of its kind in Qatar. By getting its SOC certified, MEEZA has further strengthened its foothold and market leadership.

MEEZA attained its first ISO 9001:2008 certification in November 2011 for its Quality Management Systems covering "Solution Design and Provision of Services for Data Centre, Managed Services, Cloud and Work Place".

At the same time, MEEZA also acquired its first ISO 27001:2005 certification for its Information Security Management Systems covering the "Management of Information Security for Data Centre Comprising of Rack Space, Power, Cooling, Physical Security, Connectivity and Related Monitoring".

Then, in October 2012, MEEZA obtained its ISO 20000-1:2011 certification for its Service Management System covering ''Information Technology Services Management Supporting the Provision of Managed Services, Data Centre Services, Cloud Services and Workplace Services to clients".

Commenting on the new certifications, MEEZA's Deputy CEO - Ghada Philip El Rassi said, "We are extremely proud of this achievement and by acquiring additional certifications for our SOC, we have accomplished yet another milestone in our quest to consistently provide world-class security services to companies and institutions in Qatar and in the region. MEEZA stays committed to providing thought leadership in local threat intelligence and adhering to industry best practices and standards to maintain its position as the leader in the market."

The recent ISO certifications were awarded in recognition of MEEZA's Security Operations Centre delivering services for Advanced Security Monitoring, Vulnerability Scanning and Log Management of network, Security devices, Servers, Applications and Endpoints as per customer requirements.

About MEEZA:

MEEZA, a Qatar Foundation joint venture, is a managed IT Services and Solutions provider offering a wide range of services to clients, from creating and managing IT infrastructure to providing technology consulting. MEEZA has moved quickly to establish itself as the leader in the local IT industry, with the objective of helping to accelerate the growth of Qatar through the provision of world class Managed IT Services and Solutions.

MEEZA has a solid track record, not only in the delivery of solutions to our clients, but also in the provisioning of a full end-to-end service which covers the entire life-cycle of deployed assets, from design through delivery to on-going support.

MEEZA has the ability to deliver scalable, reliable and robust managed services solutions, which add real measured value. We deliver a service which leverages business benefit through IT, with reduced total cost of ownership (TCO) and increased Return on Investment (ROI). We achieve this not only through the skill and expertise of our staff, but also through the trusted, long-term relationships and accreditations we have with our technology partners.
