

MEEZA Strengthens its Leadership Position in Providing World-Class Business and IT Continuity Services

MEEZA launches its Disaster Recovery and Business Continuity Services in collaboration with HP

Doha, Qatar – 06 January 2014 – MEEZA, the leading IT services and solutions provider in Qatar, today announced the launch of their Disaster Recovery and Business Continuity Services in collaboration with HP.

On the back of its state-of-the-art technology and coupled with professional consulting services, MEEZA offers holistic Business Continuity Management Services to clients concerned with IT service continuation in the face of adverse and unpredictable conditions. By doing so, MEEZA alleviates its clients' pain of continuously and vigilantly monitoring, protecting and backing up their vital and mission critical IT systems and applications, whilst ensuring the highest availability and uninterrupted operational delivery levels at the same.

To achieve the highest level of client satisfaction, MEEZA will leverage HP's expertise in the Business Continuity Consulting space using industry-proven methodologies and practices to help assess potential vulnerabilities and build the necessary organizational resilience framework to ensure uninterrupted operations of its client's IT environment and processes. MEEZA will be able to assist clients at any point in their continuity lifecycle where the partnership teams will lead with consulting services to engage with all concerned stakeholders to assess client needs.

Your IT Advantage

The suite of MEEZA's Business Continuity services that provide time and recovery point objectives, leverage MEEZA's state-of-the-art M-VAULT data centres including the large scale facility located outside of Doha. These services offer full redundancy built on the network and interconnections amongst MEEZA's Tier-3 data centres, including MV1 and MV3, located in the Qatar Science and Technology Park (QSTP). MEEZA's DR facility is also equipped to offer Work Area Recovery services.

Ghada Philip El Rassi, MEEZA's CEO, said, "With this leading step, MEEZA is now ready to provide technical and business continuity management services which will ensure that a client's business continues and is able to survive and recover from large scale interruptions brought about by unexpected events such as *Force Majeure*. MEEZA once again demonstrates its leadership position by collaborating with HP and progressing its solutions and capabilities to stay one step ahead of the local, regional and MENA market needs."

Furthermore, Mrs. El Rassi added, "Our industry-leading data centres will not only serve as ideal primary sites but as DR (Disaster Recovery) and backup sites as well."

MEEZA's suite of Continuity Solutions can be availed at any point on the customer's continuity lifecycle. MEEZA offers a complete range of Continuity Consulting Services from Continuity Workshops, Business Impact Analysis to Continuity Programme Management.
