

MEEZA Unfolds Qatar's Largest Facility Management System to Qatar Foundation

Doha, Qatar – 11 February 2013 – MEEZA, the nation's leading IT services and solutions provider, has launched Qatar's largest Facility Management System at Qatar Foundation for Education, Science and Community Development. The project will utilise 'Archibus' software, one of the world's most innovative solutions for real estate, infrastructure and facilities management.

The new Computer Aided Facility Management System (CAFM) shall assist the Qatar Foundation's Capital Projects and Facilities Management department, responsible for one of the region's largest infrastructure and facilities programmes.

"We are pleased to see a Qatari Organisation deploying a breakthrough solution that will help us to manage its operations in a speedy and accurate manner. We realise the importance of partnering with MEEZA for the vanguard position it has occupied as a premier managed IT services and solutions provider in the region," said Mohammed Al- Malki- Executive Director, Capital Projects and Facilities Management at Qatar Foundation.

The 'Archibus' system will assist in the areas of preventive maintenance, planning and development, transportation, landscaping, office services, and custodial Services to aid the day-to-day operations at Qatar Foundation.

Commenting on the latest achievement, Ghada P. El-Rassi, Deputy Chief Executive Officer, MEEZA, said, "The new facility management system provided to Qatar Foundation reflects the continued trust and confidence MEEZA has been acquiring from one of the world's leading education, science and community development institutions. This new service will be able to manage one of the largest infrastructure and facilities operations in the region."
